

## Junior Product Manager - Logistics SAAS Platform (f/m/d)

### Our Mission:

Enter the exciting world of software-as-a-service solutions and become part of a very dynamic and award-winning company. tiramizoo GmbH has been the leading provider of innovative IT solutions for optimizing urban logistics since 2010. Market-leading, international companies are among our customers. Across industries, our solutions are used and are easily integrable into Enterprise Resource Planning (ERP) systems or transportation management systems (TMS).

We continue to grow. And not only at our previous locations, such as the headquarters in Munich or Austria, Switzerland, Poland, Malaysia and Singapore. We are looking for a **Product Manager - Logistics (f/m/d)** to join our SAAS team and help us to optimize delivery processes for our customers around the world.

**Our SaaS solution “Last Mile Master”** aims at gaining the highest logistical efficiency with every last mile delivery through a unique combination of digitally modelling delivery processes and automating them at high scale.

If you are a customer driven problem solver with a strong interest in highly scalable and automated logistic processes, then the tiramizoo SaaS team is the right place for you.

### Your Objectives:

- Manage technically demanding software solutions that decide upon the delivery experience of thousands of customers everyday
- Prioritize and manage the work of a cross-functional development team in tandem with an Engineering Manager
- Work closely with Customer Success to solve new customer cases
- Generate customer insights through experimentation and help internal stakeholders to take smarter decisions
- Ensure strong collaboration and communication across the company and build consensus on the product roadmap

### Your Magic Skills:

- 2+ years of experience in software product management with a proven history of delivering results, logistics is a plus
- Track record of successfully launching and constantly improving innovative products
- Ability to balance user needs with business priorities and provide a rationale behind your decisions
- Fluent in German and English
- Exceptional interpersonal skills; strong written and verbal communication skills

**Nice to have:**

- Working in the logistics industry
- Working with OKRs

Please send your application with your salary expectations and earliest possible availability to: [jobs@tiramizoo.com](mailto:jobs@tiramizoo.com)

We look forward to getting to know you!
